21 Barr Street, Lady Barron, TAS 7255

This is a special workshop in a unique environment. Flinders Island has an extraordinary variety of **raw natural beauty** providing a wealth of visual ideas and creative stimulation.

Everyone in the workshop will be encouraged to **develop their own visual language** in response to the landscape; capturing a sense of place on a personal level and linking this to the unique Flinders Island experience.

**Excursions will be co-ordinated** with the workshop program to take in some of the many landscape options. **Outdoor painting and drawing processes** will be demonstrated to gather reference for working in the studio. The suggested materials list will be compact, and portable but provide enough options to fully realise any visual ideas.

**Guidance, on a one to one basis** will be a feature along with constructive and supportive group discussions; all in a stimulating and beautiful environment.

**Details about Mountain Seas Retreat, for your comfort and information:**

We are on an island! That's great news, and it also means that not all internet and mobile phone options are available. Next G Telstra phones will work in some locations. Wifi service is limited, and if you rely on it, we suggest you bring your own "dongle" attachment.

For more details or questions, see our website:
